

Test Case: Check Degree Progress

Project Name: CAR

Test Case ID: 3.2

Test Priority (Low/Medium/High):
High

Module Name:

Degree Progress

Test Title:

Check Degree Progress

Test Designed by:

Akshat Totla

Test Designed date:

2022, May 6th

Test Executed by:

Developer Team

Test Execution date:

2022, May 6th

Description:

This feature allows the users to see a degree progress report calculating how much of their degree (based on major/minor) is completed and which courses need to be completed.

Objective:

To provide the functionality of viewing their degree progress report and downloading it locally.

Pre-conditions:

Authenticated user that is part of the institution with valid login information.

Step	Test Steps	Test Data	Expected Result	Actual Result	Status (Pass/Fail)	Notes
1	User doesn't click 'Get Report'	User doesn't select the valid button	no report generated – report generation takes place after selecting the button	no report displayed	Pass	
2	User clicks 'Get Report' with major and course information	User selects the valid button	report generated – the report with relevant courses taken and needed, and percentage displayed	report displayed	Pass	
3	User clicks download	User selects valid button	report downloaded – report saved locally on user's device	report downloaded	Pass	

Post-conditions:

The degree progress report displayed should be up to date with all courses the users have taken, any changing major/minor requirements, and updates to the completion percentage.
